**Public Comments**

Daniel Ledezma said people are trying to paint a negative picture of his uncle. RPD took a good man from his family. He said he is here to seek justice, that many feel his uncle's death was wrong, and that he helped others even when he and his family weren't well off; his uncle is irreplaceable.

Valeria Hernandez said that a man who spoke at the previous CPRC meeting said things about her father that weren't true, noting that her father was never in prison. She said it's never known how much of an impact a person has on a life until that person is gone. She said her father wasn't a bad person; he didn't deserve to die the way he did.
